Summer 2018

*Summer is here in South Florida along with the Atlantic Hurricane Season* which runs from June 1 – November 30. Hurricane hazards come in many forms, including storm surge, heavy rainfall, inland flooding, high winds, tornadoes and rip currents. The best way to deal with these hazards is to be prepared. If you are not already prepared, now is the time to prepare your family and property for a storm event.

#### Before the storm:

- Fuel up vehicles and charge cell phones.
- Double check supplies. (Food, water, cash, medications, etc...)
- Install shutters and bring outdoor furniture indoors.
- Monitor local news for watches and warnings. (A “watch” means that storm conditions are possible for the area, a “warning” means that storm conditions are expected for the area.)

**Do not trim trees or landscaping once a storm is named unless you or your landscaper plans to transport debris to SWA facility! Vegetation debris could become a hazard during the storm if not picked up curbside in time.**

#### During the storm:

- Stay indoors.
- Turn off and unplug unnecessary electrical appliances.
- Stay away from windows and doors.
- Monitor local news for storm updates.

#### After the storm:

- Stay indoors until the weather is clear. (Do not go outside during the “eye” of the storm.)
- Continue to monitor local news for updates.
- Verify that a boil water notice is not in effect for your area before drinking tap water.
- Avoid traveling on roadways. There may be electrical wires down and debris in the roadway that could be very dangerous for drivers.

**Do not use generators indoors!**

#### Debris Removal:

Following a hurricane, storm related debris will be removed from rights-of-way within the Village, Village owned lands and all areas that currently have curbside garbage pickup. This includes gated communities with curbside pickup but does not include communities with dumpster service. Care should be taken to not place debris in locations that will block storm water drainage or block access to utilities such as water, electric, cable or mail services.

#### Storm Shutters on Vacant Properties:

If you are planning to be out of town during Hurricane Season, shutters can be installed on unoccupied properties with the permission of the Community Development Department. Permission can be obtained by filling out the **STORM PROTECTION EXTENDED DURATION NOTICE** form available online or at Village Hall.

#### Boil Water Notices:

If during a storm event the water system loses power or water pressure, a boil water notice may be issued for the affected area. Do not consume tap water during this time. Tap water can be served after being brought to a rolling boil for one minute. An alternative method would be to add eight drops of unscented household bleach to a gallon of water and waiting 30 minutes before consuming.

#### Community Development Services:

Before a storm event, residents may contact the Community Development Department for advice on best securing and protecting their property as well as preparing for limited services and resources. Community Development staff will canvas the Village to notify contractors and residents to secure any materials which may become hazards in the event of landfall. After a storm event, Community Development teams will strategically survey the entire Village and provide damage assessment reports and evaluate if any structures have been damaged to the degree which would render them unable to be occupied. Community Development will provide expedited manual permitting in the event of power outages and can be reached at the Village Hall location or by telephone at (561) 790-5128.

#### Know Your Flood Zone :

Many people think that if they do not live near a river or the coast they are not in danger of flooding, giving them a false sense of security. Everyone is at risk—even those who do not live close to rivers and lakes, canals or the coast. With this in mind, the Village of Royal Palm Beach wants to remind people in moderate to low-risk areas that their risk is reduced, not removed.

Call the Village of Royal Palm Beach’s Engineering Department at (561) 790-5103 for access to FEMA’s Flood Insurance Rate Maps (FIRM) for our village, and to learn if a property is in a Special Flood Hazard Area and if it may be affected by local drainage problems,.

Your Mayor and Council  
Councilman Jeff Hmara, Vice Mayor Selena Smith,  
Mayor Fred Pinto, Councilwoman Jan Rodusky, and  
Councilman Richard Valuntas.

**News from Captain Ulrich Naujoks PBSO District 9**

Since January 1, 2018, there have been ninety-five vehicle burglaries in the Village. Of those ninety-five burglaries, sixty-four were because of unlocked vehicles. Unfortunately, in a few of these burglaries, unsecured firearms were stolen. Of the remaining thirty-one burglaries, the majority had valuables that were left in plain sight. Prevention is the simplest and most cost-effective way to thwart would-be thieves. Consider the following:

- Lock your vehicle.
- Take your spare keys with you - nearly 80% of all vehicles stolen in the Village had keys in them (they were vehicle burglaries that turned into vehicle thefts when the keys were found)
- Park in well-lighted areas. (Most vehicle thefts and vehicle burglaries occur at night.)
- When possible, park in attended lots. (Burglars and car thieves do not like witnesses.)
- Do not leave your vehicle unattended and running.
- Close all windows.
- Do not leave valuables in plain view.
- Do not hide a spare set of keys on or in the vehicle. (The pros know where to look.)
- Always use your emergency brake when parking.
- If you have a garage, use it when possible. When you do, lock both the vehicle and the garage.
- Garage Door Opener - avoid leaving them in your vehicle. If the suspects find one, they may use it to enter your home, even if they return later to do so.

In the event that you have the misfortune of becoming the victim of a vehicle burglary:

- Do not touch anything or enter the vehicle.
- Call the Sheriff's Office immediately at (561) 688-3400.
- If the suspect is still there, **DO NOT** confront them, call 911.
- When reporting the incident, try to give the Communications Officer as much information as possible. They will ask you a number of questions. The more information they have, the better our chances of catching the suspect.
- If a key to your vehicle was taken, contact a locksmith or your vehicle service center immediately. Please note - Thieves have stolen keys and have returned to steal the vehicle at a later time.

If you have any questions about this or any other law enforcement matter, please do not hesitate to contact me or my staff at (561) 904-8284 and please remember *if you see something, say something*. You can report an in-progress crime by calling 911 or a delayed crime, suspicious person or activity by calling (561) 688-3400. You can also report these incidents on the "See Something" feature of our new app "PBSO" that can be downloaded to your Apple or Android Smart Phone. The app can be downloaded from [www.pbsoapp.com](http://www.pbsoapp.com).

Please keep in mind that it is everyone's responsibility to insure that our waterways are kept clean. Oils and other substances should never be put down a storm drain. If you see anyone improperly disposing of waste into the storm drain system or any other illicit discharge, please call: Public Works (561) 790-5122.

## REGISTRATION INFORMATION

RPB recreation program and activity registrations will be accepted at the Recreation Center. Priority registration will be given to Village residents. Most activities have a maximum limit on the number of participants and classes. Activities will often fill prior to the registration deadline, so don't delay. All registrations must be made in person during office hours or online. Program registration forms can be found on our website, [www.royalpalmbeach.com](http://www.royalpalmbeach.com). The Parks & Recreation Department is no longer accepting cash. Please make payments via check, Discover, Visa or MasterCard.

## ONLINE REGISTRATION

Web Trac allows households that are already in our registration database to enroll in classes, check on class availability and be added to a waiting list if an activity is full. Call the Recreation Center for password information, then go to [www.royalpalmbeach.com](http://www.royalpalmbeach.com).

## LATE REGISTRATION POLICY

Registrations may be accepted after the deadline providing there is space available. Late registrations will not be pro-rated.

## REFUND POLICY

All refund requests must be in writing on the refund request form available at the Recreation Center administrative office and are subject to approval and a 20% processing fee. For a complete description of the refund policy, please refer to your registration form or receipt.

## Picnic Pavilion

Looking for a place to hold your child's birthday party, family picnic or just chilling out in the park? The Village of Royal Palm Beach has a number of picnic pavilions located in your neighborhood that are available for a nominal rental fee.

Reservations are accepted in person, first come, first paid at the Recreation Center. Monday - Friday, 8:00 am - 5:00 pm.

Available pavilion time slot:

8:00 am - 6:00 pm

# Summer Safety Tips for Parents

From P.B.S.O. District 9

4. Teach your children that no one, not even someone they know, has the right to touch them in a way that makes them feel uncomfortable. Tell them they have the right to say “No” to an adult in this situation.

## At Play

1. **Walk the neighborhood with your child.** Pick out the safest route to friends’ houses. Avoid danger spots like alleys and wooded areas. Identify safe places to go in an emergency or a sudden storm, like a neighbor’s home, a block parent or an open store.
2. **Encourage your child to walk and play with friends,** not alone, and to stay in open areas in the day and well-lighted areas in the evening so others can see them. Teach your child to walk confidently and stay alert to what’s going on.
3. **Do not hang a house key around your child’s neck.** It is a telltale sign that you won’t be home when they return. Put it inside a pocket or sock.
4. **Encourage your child to look out for other kids’** safety and to stay away from strangers who hang around playgrounds, public restrooms and empty buildings. Remember, a stranger is someone the child **does not know well**. A child molester can be a man or a woman, young or old. Teach your child to remember and report to you the license numbers of people who offer rides, hang around playgrounds or appear to follow them. If a stranger tries to follow or grab your child, **teach him or her to scream**, “Stay away from me” or “This person is trying to hurt me,” and run to the nearest place where people are around.

## Summertime is approaching. Would your child know what to do if ...

- He/She got lost at a shopping mall?
- A nice, friendly stranger offered him/her a ride home?
- A babysitter wanted to play a secret game that no one would know about?
- A friend dared him/her to hitchhike?

## Start With The Basics

1. **Rehearse with your child his or her full name,** address and phone number, including area code and how to make emergency phone calls from home, cell and public phones. Try practicing on an unplugged phone.
2. **Teach your child to go to a store clerk, security guard or lifeguard and ask for help** if you become separated in a store, shopping mall or at the beach. Tell them never to go into the parking lot alone. And, when possible, accompany your child to the restroom.
3. **Tell your child never to accept gifts or rides from someone he or she does not know well.** Your child should never go anywhere with another adult, even one who says you have sent him or her. Adopt a family code word to be used if you have to ask a third party to pick up your child or make prearrangements with a trusted neighbor in the event you become delayed. And, make sure your child knows to never, ever, hitchhike!

## What would your child do if ...

### At Home Alone

1. **Make sure your child** can reach you by telephone, wherever you are. Have your child check in with you at work or with a neighbor when she or he gets home.
2. **Caution your child about answering the phone** and accidentally letting a stranger know he or she is alone. The child should say that parents are busy and take a message.
3. **Post important phone numbers** near all your home phones to include your work number, closest relatives, neighbors and poison control center. Remember, for all emergencies dial 911.
4. **Agree on rules for having friends over** or going to someone else's house when no adult is present. If you or neighbors own a pool, a good rule of thumb is to restrict younger children from using the pool unless there is adult supervision.

- He/She got lost at a shopping mall?
- A nice, friendly stranger offered him/her a ride home?
- A babysitter wanted to play a secret game that no one would know about?
- A friend dared him/her to hitchhike?

### Tips On Choosing Day Care Centers/ Babysitters

1. **Find out as much** as you can about the caretaker's reputation and whether there have been any complaints in the past. Is the caretaker licensed or regulated in any way? What are their qualifications? Have background checks been made? Have you asked for and checked references?
2. **Drop in unannounced**, periodically, to ensure that the quality of care meets your standards. Observe how the children relate to the caretakers.
3. **Talk with other parents** and compare notes and concerns. Most importantly, talk with your child daily about how things are going and investigate problems that worry you or become chronic.

### Helpful Community Resources

School, County and City Recreation departments, churches, community organizations such as the YMCA/ YWCA provide programs for children of all ages. Positive activities make summertime fun, safe and educational and of course, make parents happy too!

Enjoy your summer.
