CHAPTER 1: HUMAN RESOURCES POLICIES AND PROCEDURES

1-1. Purpose

The general purpose of these policies is to provide a comprehensive guideline for human resources administration for the Village of Royal Palm Beach which efficiently and effectively delivers services to employees and taxpayers. These policies may change with or without further notice, and they are not to be interpreted as a restriction on any inherent right of the Village. They are also not to be construed as a contract or in any way as creating any expectations or property interest.

1-2. Declaration of Policy

The Village Council and Administration declare the following principles to constitute the human resources policies of the Village of Royal Palm Beach.

- A. Employment in the Village government shall be based on merit and qualifications free of personal and political consideration.
- B. Just and equitable incentives and conditions shall be established and maintained in order to promote efficiency and economy in the operation of the municipal government.
- C. An effort will be made to classify positions with similar duties and responsibilities on a uniform basis.
- D. Appointments, promotions, and other personnel actions will occur upon approval of the Village Manager.
- E. Every effort shall be made to stimulate high morale by administration of policies with appropriate consideration of the rights and interests of the public and the Village.

1-3. Power of Appointment

The Village Manager shall appoint, and when necessary, promote, demote, remove, discipline or otherwise impact the employment of all Village employees and appointed administrative officers.

1-4. At-Will Employment

Employment with the Village of Royal Palm Beach is at-will. The employee may resign at any time, and the Village may terminate the employee at any time with or without cause. This at-will employment relationship cannot be changed orally or by any conduct, unless such change is specifically acknowledged in writing by the Village Manager. Employees shall not rely upon any representation, whether orally or in writing, contrary to the fact that employment is at will, unless otherwise specified by law or collective bargaining agreement. Benefits, policies, and all other matters may be changed with or without notice, with the exception of matters for which the impact must be negotiated with the bargaining units.

1-5. Approval of Policies

These policies shall be enforced and effective when approved by the Village Council and may only be modified by the Village Manager or Village Council.

1-6. Additional Rules & Regulations

Additional rules and regulations may be established by the departments and/or by Administrative Orders that are consistent with these policies and which have been approved by the Village Manager.

1-7. Applicability

This policy will apply to all personnel employed by the Village of Royal Palm Beach, except that in any conflict between the terms of a collective bargaining agreement and this policy, the collective bargaining agreement will control.

CHAPTER 2: PAY PLAN

This chapter and its subparts only apply to unrepresented employees, those which are not represented by a collective bargaining unit.

2-1. Establishment

- A. The Village Council of the Village of Royal Palm Beach shall periodically adopt by Resolution, a pay plan. This plan may subsequently be amended by Resolution or budget appropriation.
- B. The pay plan and associated salary structure has been created only for those employees who are not covered by a collective bargaining agreement. The comprehensive pay plan salary schedule is available from either Human Resources or the Finance Department, which contains the salary ranges for those positions of employment by the Village. This pay plan is applicable to all classes of non-collective bargaining positions, except that of Village Manager.

2-2. Management

The Village Manager or designee shall be responsible for implementing and managing the pay plan.

2-3. Maintenance

- A. The Village Manager or designee shall occasionally conduct such comparative studies as deemed necessary on the factors affecting pay ranges prior to the preparation of the annual budget. On the basis of information derived from such studies, the Village Manager may recommend to the Village Council such changes necessary to maintain the adequacy and fairness of the salary structure, and to be consistent with community standards.
- B. The Village Manager may re-classify positions within the established pay grades based upon adjustments in job responsibilities and job value of the new classifications.
- C. Other miscellaneous benefits may be provided to employees in order to provide for the effective administration of Village affairs, as solely determined by the Village Manager. Other miscellaneous benefits may also be provided pursuant the Village Manager's power and duties as set forth in Village Code Sec 2-2 in order to provide for the most cost effective and efficient administration of Village's business affairs.

2-4. Minimum Rate

The pay grade and minimum step allocated to a classification takes into account the necessary experience and qualifications. On occasion, for highly skilled, technical, or managerial positions it may be necessary to hire above the minimum rate in the range. A recommendation to hire above the minimum rate in the range shall be documented by the department head and approved by the Village Manager. The amount shall not exceed 25% above the minimum rate in the range. Part time, temporary, and contract to hire positions are exempt and by Village Manager approval, can be hired at any step in the appropriate grade.

2-5. Compensation Plan

- A. Pay Range – Each pay grade has 40 steps. Each step is an increment of 1% compounded.
- B. Prospectively, any employee whose salary meets the maximum pay rate (step 40) will only receive a COLA (cost of living adjustment) increase.
- C. Employee performance evaluations could result in a merit adjustment of 0% - 5% for all non-temporary employees. Any merit adjustment will be effective October 1st of each fiscal year. The merit adjustment will apply only to those employees who have been employed a minimum of six (6) continuous months as of September 30th of the prior fiscal year.
- D. Lump Sum Merit Bonus

Should an employee receive an overall rating score on their Performance Evaluation which would indicate a merit increase that would place their step above the 40 step maximum grade, the employee will receive the difference of merit above step 40 in a Lump Sum Bonus. Bonus will not be added to the base salary.

Example: If an employee is 2% away from the maximum of their pay range and their performance review indicates they should receive a 3% increase, then the following will occur. They will receive a 2% increase, which increases their pay to the 40 step maximum. They will also receive the other 1% as a lump sum bonus, paid out in the first payroll in January of that fiscal year, but will not be added to the base salary.

- E. Automobile Allowance & Use

The Mayor and Council are paid a monthly stipend for using their cars for business purposes. The Village Manager shall be authorized to increase that amount to reflect current economic conditions subject to the annual budget approval. This money is taxable income, and is treated as such. Mileage reimbursement is to be requested when using a personal vehicle for business purposes when the destination is located outside the tri-county area; Broward, Palm Beach, and Martin County. Reimbursements on mileage must be requested on the proper accounting form and approved by the appropriate supervisory staff.

- F. Cell Phone Allowance

Monthly cell phone stipends are given to certain employees. The stipend is for the purchase, use and costs related to the cell phone. Employees issued a stipend may use their cell phones for personal use. However, use of the phone in any manner contrary to Village policy or local, state or Federal laws will constitute misuse and will result in immediate termination of the cell phone service stipend. Employees given a cell phone stipend must be able to produce a copy of their phone bills if a public record is requested.

The Village is not responsible for any cell phone contracts or fees associated with employee's cell phones unless an employee no longer is required to have a cellular phone, and incurs a fee to cancel the service. In this case, the Village will reimburse such costs given the proper documentation.

2-6. Job Postings/Employment

- A. In circumstances where a vacancy or newly created position will be filled by someone other than a current Village employee, such position shall be advertised publicly. Advertisements shall include job title, salary, department, minimum requirements, work schedule and application deadline. Such advertisements shall also be posted on Village bulletin boards and distributed to Village departments. Applications for Employment shall only be accepted for vacancies. It is the applicant's responsibility to thoroughly and accurately complete the online application which is available on the internet at www.royalpalmbeach.com. Resumes submitted without completing an online Village employment application will not be accepted as a job application. Online applications are required; resumes are optional. No unsolicited resume and/or application will be considered. Applicants must possess the necessary qualifications and abilities to perform the job for which they are applying for at the time of application unless otherwise noted in the job description. (i.e. licensing requirements)
- B. In order to develop career opportunities for Village employees, it is the Village's policy to fill job vacancies by promotion from within whenever appropriate and in the Village's best interest. For positions only open to current employees, the Human Resources Department shall distribute job announcements for departments to post for at least five (5) working days. Original internal application forms are required; resumes are optional.
- C. The Human Resources Department shall forward applicants who meet the minimum job qualifications to the department filling the position. Applicants who are clearly overqualified may be declined an interview. The department head shall coordinate job interviews, selection and hiring with the Human Resources Department. Prior to all job interviews, questions will be reviewed and approved by the Human Resource Department.
- D. The Human Resource Department will arrange for criminal background, fingerprinting, DMV, sexual offender, credit, social security, and other checks as required by statute or policy to be completed on applicants who have successfully interviewed and meet the minimum requirements. Upon completion of the various background checks, departments will be told if the applicant can move forward in the hiring process. In accordance with the Fair Credit Reporting Act, applicants not hired are entitled to know if employment is denied because of information obtained by the Village from a Consumer Reporting Agency. Upon written request, such applicant shall be provided information about the report including the name of the agency or sources of information and scope of the investigation. Applicants not hired shall be notified by the Human Resources Department.

- E. Applicants should never be offered or be made any promise of employment without approval from the Human Resource Department. Any job offer extended to an applicant is conditioned upon the successful completion of a pre-employment physical examination and in some cases, a drug screen. The Human Resource Department will arrange for both the physical and the pre-employment drug test.
- F. Upon approval from the Human Resource Department, applicants may be contacted and a start date agreed upon. Departments are responsible for coordinating the new hire orientation with the Human Resource Department. No employee can start work until a new hire orientation is completed on the first day of employment.
- G. Current employees selected for another job must be released from his/her current position within two (2) weeks from the date of selection, unless a different time period is mutually agreed upon by the current and requesting departments.
- H. People who are applying to Volunteer in one of our facilities, must fill out a Volunteer application. The HR Office will run a background check and may require a drug test. The HR office will inform the department if the Volunteer is a suitable candidate. All Volunteers must sign a waiver of liability form. Volunteers can not be ex-employees who were terminated for cause or involuntarily resigned. Furthermore, the Village reserves the right to place Volunteers in the department where the Village feels the Volunteer will be best utilized.

2-7. Promotion

An employee promoted to a position with a higher pay grade will receive the starting rate of pay for that job or a 5% increase, whichever is greater, unless the Village Manager determines that a higher pay level is appropriate. Accordingly, the Village Manager may authorize a pay increase of up to 20%. The promoted employee will be on probation for the first 90 days. During the probationary period, the employee may be returned to his/her prior position provided the position is still vacant. If it is decided that the employee is to return to his/her former position during the probationary period, he/she will receive his/her previous salary. All promotions require prior approval of the Village Manager.

2-8. Transfer

An employee who requests a voluntary or receives an involuntary transfer to another position in the same pay grade shall receive the same rate of pay. An employee transferred permanently without a promotion or demotion shall not receive a change in pay. All transfers require prior approval of the Village Manager. The transferred employee will be on probation for the first ninety (90) days, and may be returned to his/her prior position and salary if necessary.

2-9. Demotion

- A. An employee who is demoted for disciplinary reasons will be assigned to the same step in the new (lower) classification as the employee's former classification before the demotion. All demotions require prior approval of the Village Manager.

- B. Should an employee voluntarily request and be granted a transfer to a position in a lower classification his/her pay may be reduced by the percent difference in the pay grades, or 5%, whichever is greater. The employee will be advised in writing of the rate of pay for the new position before accepting it. If an employee is above the maximum of the range of the lower classification, the employee will have his/her pay reduced to the maximum of the lower classification.

2-10. Temporary Assignments/Transfers

See Chapter 9, Section 9-2 (Temporary Job Classification).

2-11. Wages

- A. Employees assigned to directly supervise inmate labor will receive a 10% base rate wage increase for all hours actually spent on such duties.
- B. Code Enforcement Inspectors (CEI's) will receive the starting wage rate for the new position or a 5% increase in their base pay upon completion of the Florida Association of Code Enforcement (FACE) certification. No more than one certification can be completed in any given Fiscal Year. There will be four (4) different levels of Code Enforcement Inspectors. Level I certification must be obtained within one (1) year of start date as a CEI Trainee or the employee will be terminated.
- C. Building Department Inspectors, Building, Electrical, Plumbing, and Mechanical, will receive the starting wage rate for the new position or a 5% increase in their base pay whichever is greater, upon becoming cross certified within the categories outlined in the job descriptions. Cross certifications will be limited to one additional certification in each fiscal year. There are three (3) different cross certifications for which inspectors may qualify for pay increases.

CHAPTER 3: PERFORMANCE EVALUATIONS

3-1. Purpose

The performance evaluation assists an employee in understanding how he/she is performing. The evaluation also serves as a tool for employees to set goals with their supervisors, and to review progress in job performance toward those goals. The overall purpose of the evaluation is to maintain or improve the high quality level of work performance of Village employees. It is the Village's policy to recognize and reward meritorious performance based on the employee's performance evaluation which could result in a 0% to 5% increase in pay, as set forth in Chapter 2, Section 2-5 (Compensation Plan).

3-2. Probationary Employees

The probationary period is one year from the date of employment. An employee who attains a satisfactory evaluation after one (1) year of service will be considered a non-probationary employee. In the event of an interruption of service or for other purposes, a probationary employee's evaluation may be extended by approval of the Village Manager.

3-3. Non-Probationary Employees

An effort will be made to evaluate employees annually, or at such intervals as the Village Manager deems necessary and/or appropriate. Department heads and supervisors are encouraged to provide performance related feedback to employees throughout the year. An unsatisfactory evaluation may result in a 90-day probation period in which a performance improvement plan shall be written by the supervisor with the employee effective the date of the performance review. At the end of the 90-day review period, the employee will be evaluated for performance improvement only, and will not be eligible for any merit raise until the next annual performance evaluation. Failure to improve after this probationary period may result in termination of employment.

3-4. Non Eligible Employees

Permanent employees hired after April 1st are not eligible for a merit pay increase. The employee's manager may still opt to give the employee a performance review. The manager should explain to the employee that the review will have no bearing on pay for the upcoming fiscal year, rather the review is given to them to provide feedback.

3-5. Below Expectation Rating

Only overall ratings that are "Below Expectation" rating, 0 – 1.9, may have access to the grievance procedure for appeal.

CHAPTER 4: LENGTH OF SERVICE AWARDS

4-1. Purpose:

The Village of Royal Palm Beach values its employees, and the importance of publicly recognizing employees for length of service milestones throughout their employment. Our program is intended to recognize employees' continuous length of service at intervals of their first (1st) year, fifth (5th), tenth (10th) year and for intervals of five years thereafter. A year is defined as a calendar year from the employee's date of hire.

4-2. Eligibility:

After the completion of one year of continuous service, employees will receive a personal letter from the Village Manager, congratulating them on their first year milestone. The employee will also receive a commemorative gift with the Village Logo.

4-3. Presentation and Event:

For five (5), ten (10), fifteen (15), twenty (20), twenty-five (25), and thirty (30) years of completion, the employee will pick an award from a brochure within the appropriate section. Awards will be presented from ten (10) years and up at the monthly Village Council Meetings. The employee's Department Head or designee will plan and coordinate smaller ceremonies for the one year and five year awards.

CHAPTER 5: HOLIDAYS

5-1. Holidays

The Village will observe the holidays listed below. When a holiday falls on Saturday, the previous Friday will be observed, and if the holiday falls on Sunday, the following Monday will be observed. Additionally, the Village will close for business after a half day (4 hours) on Christmas Eve when it falls on a Tuesday, Wednesday or Thursday. When Christmas Eve falls on a Monday, the Village will close for business the entire day (8 hours).

Martin Luther King, Jr.'s Day	Veterans Day
President's Day	Thanksgiving Day
Memorial Day	Day After Thanksgiving

Labor Day, 1st Monday in September	

5-2. Eligibility

To be eligible to receive holiday pay, a non-exempt employee must be in a paid status for the entire assigned shift before the holiday and the entire assigned shift after the holiday. For the purposes of this section, an entire assigned shift is defined as a minimum of seven (7) hours, not to include unpaid meal times.

When it is necessary to maintain regular services requiring an employee to work on an official holiday, such employee shall be compensated by receiving eight (8) hours of pay for the holiday, plus pay for the number of hours actually worked. Any actual hours worked on a holiday will be added to the eight (8) hours for purposes of computing overtime. Employees scheduled to work on the holiday, but do not report to work, will not be able to substitute non-preapproved leave for the scheduled holiday work shift. The scheduled shift will be forfeited.

In the event that an official holiday is observed during an employee's pre-approved personal leave, it shall not be charged against personal leave.

Employees whose day off is on the Village's observed holiday will receive eight (8) hours of work time to be added into hours worked for the purpose of computing overtime.

CHAPTER 6: APPROVED LEAVES

- A. Personal leave provides each fulltime employee with discretionary time off for any personal needs including illness or injury without any obligation to provide a doctor’s excuse or to remain at home.

Pre-Approved Personal Leave (PL) – Leave requested and approved in advance with the proper timelines as detailed below in Section B. Counted as hours worked in the computation of overtime.

Unexcused Leave (UX) – Leave requested outside of the definitions above. Requesting leave while not having sufficient amount of time available in leave bank at the time of leave being used. Pay will be forfeited for the scheduled time not worked. Employee will be subject to disciplinary action.

- B. Pre-Approved Personal Leave (PL) and Non Pre- Approved Personal Leave (UP) may be taken in minimum increments of 15 minutes. Request to use personal leave time other than for illness or injury for a period of 3 days or less must be made at least 24 hours in advance or special permission must be obtained from the Village Manager. Request to use personal leave time other than for illness or injury for a period of 4 workdays or more must be made at least 5 workdays in advance or special permission must be obtained from the Village Manager. In the event two or more employees request leave for the same date(s), and have requested the leave at the same time, seniority will prevail.
- C. Employees who are using leave other than for illness or injury of at least 4 days may request in writing at least 10 working days before the leave begins to be paid in advance for time they will be out on leave. Such advance payment will only be made if the employee’s regular bi-weekly check would not result in him/her being pre-paid for time which has not been worked or included in the personal leave request.

- D. Exempt employees absent from work for at least four (4) hours must request leave.
- E. Employees who use personal leave for illness/emergency must call in at least ½ hour before their regular starting time or forfeit pay for the day. The Village reserves the right to cancel any approved personal leave when it is deemed in the Village's best interest.

During the course of the fiscal year, the maximum 280 hours may be exceeded; however hours in excess of 280 hours must be used by September 30 or be forfeited. If an employee ends a fiscal year with an amount of time which exceeds 280 hours due to the Village requiring a change in vacation plans, then the employee shall use the hours requested within 90 days of the beginning of the fiscal year.
- G. Short Term Disability - After an employee meets the requirements to be eligible for Family Medical Leave and has been out of work due to illness or off-the-job injury for 160 consecutive regularly scheduled hours of work, the employee may apply for short term disability which would provide up to 22 additional weeks (880 hours) of salary continuation at 75% of the employee's regular salary. An employee with accrued personal leave may use it to supplement the disability payments so as to receive 100% of his/her regular salary.

The Village retains the right to have the employee examined by its physician at the Village's expense to ascertain the need for disability leave, an employee's fitness for duty, and or any appropriate work duty restrictions. If the Village selected physician disagrees with the employee's physician, these physicians will select a qualified third physician who will render a final determination as to whether the employee is disabled.

Separate leaves within a six (6) month period from the previous date of return for the same illness or injury will be considered one leave for the purpose of the continuation of benefits under Short Term Disability.

- H. Employees injured on the job, who are unable to return to work on the day of injury, shall be paid for that day. Employees absent from work as a result of a compensable on the job injury will be entitled to workers' compensation benefits; however, the Village will not supplement those benefits except as noted below. Employees with accrued personal leave, or comp time may use any to supplement worker's compensation benefits to receive up to 100% of their salary
- I. Employees returning to work from short term disability or absence due to illness or injury under worker's compensation are required to provide their supervisor with a copy of a release to return to work at full duty, or light duty if it can be accommodated, from the treating physician. The release is to be forwarded to Human Resources Department.
- J. Long Term Disability: The Village will provide at no cost to the employee a long term disability policy that shall provide minimum coverage of at least 60%, or the maximum provided for in the policy, of the employee's salary (integrated with worker's

compensation and/or social security benefits) to begin after an elimination period of 180 days has been satisfied. Employees who return to work and request disability leave for the same illness/injury within six (6) months from the previous date of return will receive credit toward the 180 day elimination period.

- K. Employees may request PL time as soon as it has accrued. All employees will be paid 100% for all accrued personal leave when their employment is terminated for any reason.
- L. In unusual cases or emergency situations, the Village Manager can pay an employee part or all of his/her accrued personal leave. The Manager's decision is final.
- M. Any time an employee is out of work on paid leave, the employee will accrue all regular benefits, which includes personal leave time, retirement and healthcare benefits. Workers' compensation will be treated as paid leave. Employees on approved unpaid leave of up to ninety (90) calendar days shall also accrue all regular benefits.
- N. Any unauthorized absence or absence without leave time will be without pay and the employee may be subject to disciplinary action up to and including discharge. Employees who are absent from work for three (3) consecutive work days and have not called in, applied for leave, or have not notified their supervisor of their status will be considered to have abandoned their job and will be terminated. Notification of such termination will be sent via certified mail and regular US Mail.
- O. Employees who are absent from work for six (6) months (26 weeks) in any rolling twelve month period will be terminated. Extensions may be requested in writing via the Department Head or HR Department to the Village Manager, and will be considered on a case by case basis.
- P. All leave shall be recorded on the electronic time keeping system and approved by the department head.
- Q. When an employee uses Personal Leave for three or more consecutive work shifts and the leave is medically related, the employee may be required to bring in a doctors note clearing them for return to work, and they may be subject to the provisions under Chapter 19 (Medical Examination). Employees requiring Family Medical Leave paperwork may request the paperwork as provided in Section 6-5.
- R. While personal leave may be used in any manner so long as the employee stays within the guidelines outlined in Section 6-1, subsections A & B, patterned absenteeism may lead to disciplinary action. Excessive use of Non-pre-approved time, (UP), will be taken into consideration during the performance review process and is discouraged.

6-2. Compassionate Leave

In the event of the death of an immediate member of the family (parents, siblings, children, spouse, domestic partner, step-parents, step-children, mother-in-law and father-in-law, grandparents, spouse's grandparents, grandchild, son-in-law, daughter-in-law, guardian), a full-time employee will be entitled to three (3) compassionate leave days immediately following the death to attend the funeral. Five (5) paid days shall be granted if the employee

is in attendance at the funeral and such funeral is held outside the State of Florida. All days referred to herein shall be eight (8) hours. Proof of death and or attendance at the funeral may be required.

6-3. Jury and Witness Duty

- A. Leave with pay shall be authorized for full-time permanent employees in the Village who may be required to perform jury duty. Employees must return to the Village all compensation, less expenses, paid by the court. Further, when an employee is released from jury duty with at least three (3) hours remaining on his/her regularly scheduled work day, the employee shall return to work and report to his/her supervisor. Upon returning to work, the employee must present a note from the court showing dates and times the employee was absent from work to serve as a witness or juror.
- B. Employees who work the evening or midnight shifts who are called to jury duty shall have at least eight (8) hours between the end of jury duty and the beginning of their regularly scheduled shift or from the end of their regularly scheduled shift and the reporting time for jury duty. Should there be less than eight (8) hours the employee shall be relieved, with pay, from that portion of their shift so as to give the employee eight (8) hours rest.
- C. Employees subpoenaed to testify in court proceedings for Village related actions shall be given leave with pay for the time needed to honor the subpoena.

6-4. Unpaid Leave of Absence (Non-FMLA Related)

- A. Employees may request, in writing, a leave of absence without pay for up to twelve (12) months. Such requests must be submitted through your Supervisor and or Department Head, and be addressed to the Village Manager for approval.
- B. All available personal leave except personal leave already scheduled and approved, must be exhausted prior to use of any approved leave without pay unless written approval is received from the Village Manager.
- C. The decision to grant leave without pay (Leave of Absence) is a matter of administrative discretion. The Village Manager will consider each request and determine each case on its own merits.
- D. Employees granted leave of absence must inform their Department Head every three (3) months regarding the status of their current activity (school, medical, military, etc.) In addition, they must keep their Department Head advised of their current address and phone number at all times. After 90 days of unpaid leave, employees must pay the full cost of health benefits.
- E. Employees granted a leave of absence and who wish to return before the leave period has expired may do so only upon approval of the Village Manager.

- F. Employees granted a leave of absence shall, upon termination and/or expiration of the leave, return to the job classification, grade and step held at the time leave began.
- G. Leaves which fall under the Family and Medical Leave Act will be treated accordingly.

6-5. Family and Medical Leave

This policy is designed to give employees notice of their basic rights under the Family and Medical Leave Act of 1993 (FMLA), as amended from time to time. However, employees may have additional rights and obligations pursuant to that Act which will be explained to them upon taking leave under this policy, or upon request. Employees requesting FMLA leave should contact the Human Resources Department to receive information and complete the appropriate forms, and inform their direct Supervisor and or Department Head of their request. Forms are available online at:

- A. An employee who has (1) worked for at least twelve months for the Village, (or a total of 52 weeks whether or not continuously); (2) at least 1,250 hours of service with the Village during the 12 months preceding the leave, may request up to 12 weeks of unpaid leave within a rolling 12 month period under the following circumstances (NOTE: Certain highly paid employees may not be entitled to all leave benefits provided under this policy):
 - 1. For incapacity due to pregnancy, prenatal medical care or for a serious health condition following child birth;
 - 2. To care for the employee's child after birth, or placement for adoption or foster care;
 - 3. To care for the employee's spouse, son, daughter, or parent who has a "serious health condition";
 - 4. For a serious health condition that makes the employee unable to perform one or more of the essential requirement of the employee's job.
 - 5. Because of a qualifying exigency as defined in Section 6-5, D.

The entitlement to leave for birth or adoption or foster care of a child, shall expire at the end of the 12 month period beginning on the date of such birth or placement. Leave time will be taken consecutively, not intermittently. Exceptions to this are decided by the Village Manager on a case by case basis. If spouses are both employed by the Village, aggregate leave for both spouses for birth, adoption, or foster care of a child, or to care for a parent (but not a spouse or a child) with a serious health condition shall not exceed 12 weeks within a rolling twelve month period. However, an employee is entitled to take the remainder of his or her own 12 week leave to care for a spouse or child with a serious health condition, or because of the employee's own serious illness.

For the purpose of this section, except as otherwise noted in the policy, “child” means a biological, adopted or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis (in place of a parent) and who is either under the age of eighteen (18) or, if older than the age of eighteen (18), is incapable of self-care because of a mental or physical disability. “Parent” means a biological, adoptive, step or foster parent or any other individual who stood in loco parentis (in place of a parent) to the employee when the employee was a child. Parent does not include parents “in law”.

B. A “serious health condition” is defined as an injury, illness, impairment, or physical or mental condition that involves either:

1. Hospital Care: Inpatient care (i.e. an overnight stay) in a medical care facility, hospital, hospice, or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with or consequent to such inpatient care.
2. Absence Plus Treatment:
 - a. A period of incapacity of more than three consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition) that also involves:
 - 1a. Treatment of at least two or more times within 30 days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care service (e.g. physical therapist) under orders of , or on referral by, a health care provider; or
 - 2a. Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition.

The requirement in paragraphs (B), (1) & (2) of this section for treatment by a health care provider means an in-person visit to a health care provider. The first (or only) in person treatment visit must take place within seven (7) days of the first day of incapacity.

3. Pregnancy: Any period of incapacity due to pregnancy, prenatal care, or for a serious health condition following child birth.
4. Chronic Conditions Requiring Treatments:
 - a. Requires periodic visits, at least two visits per year, for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;
 - b. Continues over an extended period of time (including recurring episodes of a single underlying condition); and

c. May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)

5. Permanent/Long term Conditions Requiring Supervision:

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.

6. Multiple Treatment (Non-Chronic Conditions):

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity or more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, and kidney disease.

7. The FMLA definitions of "serious injury or illness" for current service members and veterans are distinct from the FMLA definition of "serious health condition" See Section 6-5, C.

- C. Care for Service Members: FMLA now provides for leave for up to 26 workweeks in a single 12 month period for an employee who is the spouse, son, daughter, parent or next of kin to care for a covered service member. A covered service member is: (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness, or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness. "Next of Kin" of a military members means the nearest blood relative other than the service member's spouse, parent or child, in the following order of priority (unless the service member has specifically designated in writing another blood relative as his nearest blood relative for purposes of military caregiver): 1) blood relatives who have been granted legal custody of the service member, 2) brothers and sisters, 3) grandparents, 4) aunts and uncles and 5) first cousins.

A serious injury or illness for a covered service member means an injury or illness incurred by a covered service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank or rating. Is it also to include injuries or illnesses that existed before the beginning of the member's active duty and were aggravated by service in the line of duty on active duty in the Armed Forces. A serious injury or illness for a covered veteran means an injury or illness that was incurred or aggravated by the member in the line of duty on active duty in the Armed Forces and manifested itself before or after the member became a veteran, and is:

1. A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the service member unable to perform the duties of the service member's office, grade, rank or rating; OR
2. A physical or mental condition for which the covered veteran has received a VA Service Related Disability Rating (VASRD) of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for caregiver leave; OR
3. A physical or mental condition that substantially impairs the veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service or would do so absent treatment; OR
4. An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

If two related employees work for the Village, the combined leave shall not exceed twenty-six (26) weeks of leave during the single twelve (12) month period.

- D. Qualifying Exigency: FMLA will also provide leave for up to 12 work weeks because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the eligible employee is a member of the National Guard and Reserves, and the Regular Armed Forces, and has been notified of an impending call to order to covered active duty in the Armed Forces in support of a contingency operation and deployment to a foreign country. The Department of Labor defines qualifying exigency by referring to a number of broad categories for which employees can use FMLA leave: 1) Short notice deployment; 2) Military events and related activities; 3) Childcare and school activities; 4) Financial and Legal arrangements; 5) Counseling; 6) Rest and recuperation; 7) Post-deployment activities; 8) Parental Care; and 9) Additional activities not encompassed in the other categories, but agreed to by the employer and employee.
- E. Employees who request qualifying exigency leave to spend time with a military family member on Rest and Recuperation leave, may take up to fifteen (15) calendar days.
- F. An employee must utilize all accrued personal leave for leave granted under the Act for an employee's own serious health condition. Once leave has been exhausted, the remainder of the FMLA leave will be unpaid.
- G. An employee must utilize all accrued personal leave for leave granted under the Act for a birth, adoption, or placement of a foster child, or to care for the spouse, son, daughter, or parent of an employee, if the family member has a "serious health condition", or for any leave associated with military or airline flight crew reasons. After all personal leave is utilized, the remainder of the FMLA leave will be unpaid.
- H. Employees must give 30 days notice of their intent to take leave for foreseeable events. When circumstances require a leave to begin in less than 30 days, the employee must give as much notice as is practicable. Once an employee has been given the Medical Certification Form, for any of the aforementioned qualifying reasons, the employee has 15 calendar days to complete the form and return it to the HR Dept. If the form is not

completed within the allotted time frame, FMLA can be denied, and the employee may be subject to disciplinary action up to and including termination. The Village will require that leave based upon a qualifying exigency also be supported by a certification and supporting documentation, including a copy of the military member's active duty orders or other similar documentation.

- I. Certification issued by a health care provider is required to support an employee's request for leave due to a serious health condition or qualifying exigency, or Military Caregiver Leave. The employee shall provide in a timely manner, a copy of such certification to the Village. Sufficient certification shall include a statement of:
 1. The date on which the serious health condition commenced; or a copy of the military member's Rest and Recuperation leave orders, or other documentation issued by the military setting for the dates of military member's leave.
 2. Its probable duration;
 3. The appropriate medical facts within the knowledge of the health care provider regarding the condition;
 4. An assertion that the employee is unable to perform the functions of the position of the employee, or that the employee is needed to care for the family member and an estimate of the amount of time that the employee is needed to care for the family member.
 5. Certification of Military Caregiver Leave is expanded to include additional information as outlined in 29CFR §825.310 and as amended.

A second and third medical opinion from a Village designated health care provider concerning the information provided in the medical certification may be required by the Village, at the Village's expense. When the second opinion differs from the original certification, the Village may require a third health care provider opinion jointly selected by the Village and the employee at the Village's expense. The third opinion is final and binding on both parties.

- J. When an employee requests a reduced schedule leave or intermittent leave, the Village must track intermittent FMLA leave using the smallest increment of time used for tracking other forms of leave, but at the very least the increments of time cannot be larger than one hour. Additionally, only the time actually taken as FMLA leave can be counted against the employee's leave entitlement. The following is required:
 1. In the case of planned medical treatment, a health care provider certification must also include the dates on which treatment is expected and the duration of the treatment;
 2. If an employee takes leave due to his or her serious medical condition, certification must also include a statement of the medical necessity for such intermittent or reduced leave schedule and the expected duration of the intermittent or reduced leave schedule;

3. If an employee requests leave to care for a sick family member, the certification must also include a statement that such intermittent or reduced leave schedule is necessary for the care of the family member who has a serious health condition or will assist in their recovery, and the expected duration and schedule of the intermittent or reduced leave schedule.
- K. If the leave was based on the employee's own serious health condition, a fitness for duty certification from the employee's health care provider is required. The certification must show that the employee is able to safely resume performing all the essential functions of his or her position. Nothing in this paragraph shall supersede a valid state, federal, local law or a collective bargaining agreement that governs the return to work of such employee.
- L. During unpaid leave, the employee shall accrue all regular benefits. Employment benefits to which an employee may be entitled on the day family and medical leave of absence begins will not be lost because of such leave. Upon return from FMLA leave, employees are entitled to any changes in benefits not dependent on seniority or accrual during the leave.
- M. The Village will continue to pay the employee's health insurance premium, however the employee is responsible for continuing to pay any share of health premiums during FMLA leave. Failure to do so may result in loss of coverage. If the employee does not return to work after the expiration of the leave, he/she will be required to reimburse the Village for payment of health insurance premiums during the family leave, unless:
1. the employee does not return because of the presence of a serious health condition which prevents him/her from performing the essential functions of the position;
 2. the employee is needed to care for a spouse, son, daughter, or parent with a serious health condition; or
 3. because of circumstances beyond the control of the employee.

If the employee does not return because of a serious health condition, certification of a health care provider may be required in a timely manner in order to avoid being required to reimburse the Village for payment of health insurance premiums.

- N. In the case of unpaid leave for the birth or placement of a child, intermittent leave or working a reduced number of hours is not permitted unless approved by the Village Manager. In the case of unpaid leave for a serious health condition of the employee or the employee's family member, the leave may be taken intermittently or on a reduced hours basis only if such leave is medically necessary.

If an employee requests intermittent or reduced schedule leave for a serious health condition of the employee or the employee's family member, the Village may require such employee to transfer temporarily to an available alternative position for which the employee is qualified, and that has equivalent pay and benefits, and that better accommodates recurring periods of leave than the regular employment position of the employee.

- O. On return from leave within the leave period, an employee shall be entitled to be restored to the position of employment held by the employee when leave commenced, or to be restored to an equivalent position with equivalent employment benefits, pay and other terms and conditions of employment.
- P. When leave is taken by an employee who is injured on the job, and the employee qualifies for FMLA, such leave will be designated as FMLA leave. The HR Dept will notify the employee via FMLA Form WH-381 “Notice of Eligibility and Rights & Responsibilities” and WH - 382, “Designation Notice”.
- Q. Should an employee desire to moonlight and work at a secondary place of employment while the employee is on FMLA leave from the Village, the employee would need to make a written request to do so and receive written approval from the Village Manager.

6-6. Military Leave

- A. Training – In accordance with Florida Statutes Chapter 115.07, military leaves of absences will be granted to those employees who are commissioned reserve officers, reserve enlisted personnel in the United States Military or Naval Service, or members of the National Guard without loss of pay, personal leave or time, on all days during which they are engaged in training. These leaves shall not exceed seventeen (17) working days per calendar year (January 1 through December 31). The employee shall notify his/her department head and upon the basis of the orders from proper military authority, the Village Manager shall grant such leave. Leaves of absence for additional periods of time for such assignments shall be without pay, and shall be granted by the Village without loss of seniority.
- B. Active Duty - In accordance with Florida Statutes Chapters 115.09 and 250.48, Village officers or employees who are members of a reserve component of the U.S. Armed Forces, the National Guard or Florida National Guard are entitled to leave of absence, without loss of pay or time on all days during which they are engaged in active duty for a period up to thirty (30) consecutive days. Thereafter, leave shall be without pay, and under section 115.14 such employees may utilize accrued personal leave or banked sick leave to bring their total salary, inclusive of their base military pay, to the level earned at the time they were called to active military duty. During such leave, the Village shall continue to provide all regular benefits.

An employee terminating active military service and returning from said leave shall be restored to the position of employment held when leave commenced, or restored to an equivalent position with equivalent pay, benefits and other conditions of employment.

- C. USERRA – The Uniformed Services Employment and Reemployment Rights Act
USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service, reserves, or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services and applicants of the uniformed services.

1. Reemployment Rights: You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:
 - a. you ensure that your employer received advance written or verbal notice of your service;
 - b. you have five years or less of cumulative service in the uniformed services while with that particular employer;
 - c. you return to work or apply for reemployment in a timely manner after conclusion of service; and
 - d. you have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

2. Health Insurance Protection: If you leave to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for you to 24 months while in the Military.
3. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting period or exclusions except for service connected illnesses or injuries.

6-7. Domestic Violence Leave

The Village has established the Domestic Violence Leave Policy in accordance with s.741.313, F.S. requiring that certain employers permit an employee to take leave from work to undertake activities resulting from an act of domestic violence or sexual abuse.

Employees must complete a minimum of three months of employment before being eligible to take off up to 3 days of leave in any 12 month period if the employee or a family or household member of an employee is the victim of domestic violence. Employees must exhaust all personal leave time before Domestic Violence Leave is granted as unpaid leave.

A. Domestic Violence Leave may be used for an employee to:

1. Seek an injunction for protection against domestic violence or an injunction for protection in cases of repeat violence, dating violence, or sexual violence;
2. Obtain medical care or mental health counseling, or both, for the employee or a family or household member to address physical or psychological injuries resulting from the act of domestic violence;
3. Obtain services from a victim-services organization, including, but not limited to, a domestic violence shelter or program or a rape crisis center as a result of the act of domestic violence;

4. Make the home secure from the perpetrator of the domestic violence or to seek new housing to escape the perpetrator;
5. Seek legal assistance in addressing issues arising from the act of domestic violence or to attend and prepare for court related proceedings arising from the act of domestic violence.

B. "Family or household member" may be defined as spouse, former spouse, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household member must be currently residing or have in the past resided together in the same single dwelling unit.

Except in cases of imminent danger to the health or safety of the employee or the employee's family or household member, the employee must provide to Human Resources appropriate advance notice of the need for leave along with sufficient documentation of the act of domestic violence. This documentation may include copies of restraining orders, police reports, orders to appear in court, etc. When advance notice is not possible, due to the imminent danger to the health and safety of the employee, or a family or household member, the employee must inform the Village that the leave was taken pursuant to this policy and bring supporting documentation as soon as he or she returns to work.

The Village recognizes that confidentiality in matters relating to this type of leave is of utmost importance and every measure possible will be taken to maintain confidentiality.

CHAPTER 7: HOURS OF WORK

7-1. Hours

- A. The normal work week of seven (7) consecutive days, Thursday to Wednesday, for Village employees will consist of forty (40) hours or the equivalent regardless of shift duty. The actual days or shifts worked by an employee may vary by department and shall take into account the needs and best interests of the Village. The Village's official business days are Monday through Friday regardless of the actual days employees are scheduled to work.
- B. Training or study undertaken by employees at the Village's request and for the Village's benefit will be considered part of the employee's regular work hours.
- C. Compensation - An employee will be compensated for the time actually worked during his/her scheduled workday hours. The rounding rules in Chapter 8, section 4 will apply when calculating hours.
- D. Tardiness – Employees are considered to be tardy if they report to work more than 7 minutes after the start of their shift. Employees will not be compensated for the time missed due to tardiness and may be subject to disciplinary action. An employee will receive an educational verbal counseling the first two occurrences of being tardy. These educational verbal counselings will be documented in the Gatekeeper system in the “notes” section of the employee's record. If within a rolling 12 month period, starting on the date of the first educational verbal counseling, the employee should have a third occurrence of tardiness, a written counseling form shall be issued. A fourth occurrence in the rolling 12 month period will result in a written reprimand. Beyond a fourth occurrence, the employee will be subject to suspension and or termination.
- E. Unauthorized Work - No employee shall work prior to or after his/her scheduled workday hours or during their meal break without prior authorization from his/her supervisor. The fact that an employee is compensated for time worked prior to or after his/her scheduled workday hours does not excuse that employee's failure to obtain prior authorization. Any employee who works prior to or after his/her scheduled workday hours without such authorization will be subject to disciplinary action, up to and including discharge, for each incident of unauthorized work
- F. An employee's schedule may be altered for thirty (30) calendar days or less to accommodate the needs of the Village, including special projects. The Village will give as much notice as possible but not less than 72 hours.
- G. The Village may alter an employee's work schedule for more than thirty (30) calendar days provided the Village gives at least seven (7) calendar days notice.

7-2. Overtime

- A. Non-exempt employees will be entitled to overtime for hours worked in excess of forty (40) hours in the work week. Paid overtime will be compensated at one and one-half (1½) times the normal rate of pay.
- B. Employees may be required to work overtime. Failure to do so may result in discipline up to and including discharge. Any employee who works overtime without prior approval will be subject to disciplinary action, up to and including discharge, for each incident of unauthorized overtime.
- C. In the event a non-exempt employee is called back to work outside his/her regular work schedule, the employee shall receive a minimum of two (2) hours pay at the rate of time and one-half when called back before Midnight. The employee shall receive a minimum of three (3) hours pay at the rate of time and one-half when called back between 12:01 am and 7:30 am or on a holiday. Time will start when the employee reports to work. This provision does not apply to situations where the employee is called in early for his/her shift or held over after the end of the regular shift.
- D. Overtime will be distributed as equally as possible within classifications and departments except where special skills, licenses, etc may cause fluctuations in overtime distribution.

7-3. Compensatory Time

- A. All non-exempt employees will be permitted to accrue compensatory time up to a maximum of forty (40) hours per fiscal year. Compensatory time will be accrued on the same basis upon which overtime is paid (time and one-half an employee's regular rate of pay). Employees may request compensatory time in lieu of overtime, but the Village will make the final decision as to whether the employee receives compensatory time or overtime pay. At no time will the Village direct that employees accrue compensatory time as opposed to paid overtime. Exempt employees are compensated on a salary basis and do not receive overtime or compensatory time. Non-exempt employees who become exempt will have any banked compensatory time paid out to them within two weeks following their status change.
- B. Employees may elect to receive up to a maximum of forty (40) hours comp time per year. At no time under any conditions will they exceed 40 hours of accrued comp time on Village records. The Finance Department will maintain recorded comp time.
- C. For purposes of computing compensatory time or overtime, only hours actually worked shall be counted, with the exception of pre-approved personal leave, pre-approved comp time, paid holidays, pre-assigned court or jury duty, and compassionate leave which shall be treated as time worked.

7-4. Travel Time

A. Overnight Stay:

1. Driver of Vehicle: Only in cases where an employee is driving a vehicle to an overnight event, is all travel time compensable, including hours outside of the normal work shift. Regular meal period time is not counted as time worked. For example, an employee drives on Sunday evening from 6 p.m. – 10 p.m. for a Monday seminar but stops for dinner for one hour. Three hours of time are compensable.
 2. Passenger: Travel for a business related purpose as a passenger on an airplane, boat, train, bus or automobile, which requires an overnight stay, shall be paid if the travel time occurs during the employee's "regular working hours", even if it occurs during corresponding hours during non-working days. Regular meal period time is not counted as time worked. For example, an employee travels on Sunday from 2 - 4 p.m. for a Monday seminar. The employee's normal working hours are 7 a.m. - 4 p.m., therefore the 2 hours of travel time would be compensable versus, an evening flight from 7 p.m.- 9 p.m. is not compensable.
- B. Same day travel, which occurs outside normal working hours, for the purposes of training is not compensable.
- C. Same day travel to a different location for reasons other than training is compensable if it occurs during or outside the normal working hours, but the employee's normal commuting time to work is to be deducted. Similarly, travel to and from an airport, bus or train station is not compensable as they are considered "home to work" time.
- D. Travel time that crosses over from work to non-work hours or vice-versa, is compensable under the rules cited above.

7-5. Beeper Time

- A. Non-Exempt employees required to carry a beeper or cell phone while off duty shall be paid one and one half (1 ½) hours of straight time for each twenty-four (24) hour period or any part thereof. The twenty-four (24) hour period starts when the employee must carry the beeper/cell phone and be available to respond to calls.
- B. Employees carrying the beeper/cell phone must respond when called. Non-Exempt Employees called into work shall be subject to Section 7-2, subsection C.

7-6. Meal Periods/Break Times

- A. Field Employees will normally be permitted to take two (2) fifteen (15) minute paid

breaks during each regular shift of at least eight (8) hours. Employees in offices or who spend the majority of their time in a vehicle can take reasonable breaks throughout the day and do not require two structured fifteen (15) minute breaks.

- B. The Village may alter break and or meal schedules for business needs and in emergencies. The Village may alter or cancel breaks to meet business needs.
- C. Employees will normally have a meal break of at least thirty (30) minutes. Where no meal break is provided after the first five hours of work, the employee may be given the option to take a meal break or work through the entire shift and receive pay for the meal period.

CHAPTER 8: TIME CLOCK PROCEDURES

8-1. Purpose

8-3. Grace Periods

- A. Employees are expected to punch in no more than 7 minutes before the start of their shift nor later than 7 minutes after the start of their shift. Employees punching in more than 7 minutes after the start of their shift will be considered to be tardy, and may be subject to disciplinary action.
- B. No employee shall clock in more than 7 minutes prior to the start of their shift without the prior authorization of his/her immediate supervisor. Employees doing so may be subject to disciplinary action.
- C. No employee shall clock out more than 7 minutes after the end of their shift without the prior authorization of his/her immediate supervisor. Employees doing so may be subject to disciplinary action.

8-4. Work Time Rounding

Time clock punches will be rounded to the nearest quarter hour as indicated by the following diagram:

8-5. Break Time

- B. All employees will receive one replacement card due to theft or loss. If a card is worn out from normal wear and tear, the card needs to be presented to the HR Dept, and a replacement will be issued.
- C. Employees are required to punch in and out. Should an employee miss a punch, they are to notify their supervisor immediately. If an employee does not punch for any reason, it may lead to disciplinary action.

8-7. Adjusting Punch Times:

Under normal circumstances, no manager or supervisor should be changing or editing employee punch times. If a punch must be changed for an unusual circumstance, the “Notes” section of gatekeeper should be filled out to explain the reason why, and the “Edited Times Report” must be run. The Supervisor and the employee must initial their names next to the edited punch time and the report is then forwarded to the Human Resource department for scanning.

8-8. Requesting Time:

- A. Employees requesting time off must utilize the “Work Time” program to enter an electronic request for time off. The request will be routed to the appropriate levels of management for approval. Once a request has been either approved or denied, the employee will be notified in their “Work Time” account.

- B. Employees who have been asked to work extra time or who would like to request extra time to work, can put in a request for “OT-Extra Time” in the “Work Time” program. Requests will be electronically approved or denied. The employee will get the notification in their “Work Time” account.

- C. Whenever an employee is temporarily assigned to a lower or lateral classification, that employee will not have his/her pay reduced as a result.

CHAPTER 10: RETURN TO WORK – LIGHT DUTY

10-1. Purpose

The Village of Royal Palm Beach recognizes that occasionally employees may not be able to perform the full duties of their position. If the employee is hurt, and their doctor by written notification has given them permission to return to work with a clear, objective list of work restrictions, the Village has taken the position of allowing such people to return to work in a light duty capacity if at the Village's discretion, an appropriate position is available.

10-2. Return to Work Permission

- A. Any person injured while on or off duty will be required to have in writing a note from their treating physician indicating the date the person will be able to return to work, and whether or not they have any restrictions. The restrictions will be objective so as to give the Village of Royal Palm Beach a clear understanding of what the person is able to do without further injuring themselves.
- B. The Village reserves the right to get a second medical opinion of work related restrictions at the cost of the Village. Should the first and second opinions differ, the Village and Employee may pick a third physician and share the cost.
- C. Once an employee has filed for short term disability and then returns to work, should the employee go back out on leave for the same ailment within a 12 month period, disability continues where it left off.

- B. The Village of Royal Palm Beach is not obligated to create light duty positions.
- C. Employees who are injured on the job do not have a choice whether or not to accept a light duty assignment. CHAPTER 11: EDUCATION

11-1. Tuition Reimbursement

Where practical and feasible, the Village will assist permanent full time employees with training or educational programs designed to strengthen their abilities and improve job performance. Accordingly, the Village will reimburse employees only for tuition and books under the following conditions:

- A. An eligible education program is one that, according to the Village Manager and the department head, directly relates to the employee's current position or a related higher position in the Village.
- B. Funds for such departmental programs are approved and budgeted by the Village Council. Funds for credit hours will be reimbursed at the State School credit rate. Additionally, classes should be taken at a State institute unless specific permission is granted to do otherwise. In certain circumstances, the Village recognizes certain classes may not be offered at a State school.
- C. Employee's request for reimbursement shall be submitted prior to the commencement of the course requested on the Educational Assistance Program form. The immediate supervisor, department head, and Village Manager must approve the request before it becomes effective. Employees must pay for their own tuition, books, materials, supplies and other fees at the time of enrollment in an approved course. The successful completion of an approved course with a final grade of "B" or higher is required in order to receive reimbursement. A payment receipt and an official grade report must be forwarded to the Human Resources Department upon completion of the approved course.
- D. If an employee is seeking a degree (i.e., Associate's or Bachelor's), prior written approval of the degree program is required from the department head and Village Manager before submitting an Educational Assistance Program form. Additionally, approval for each term's courses must be obtained by completing an Educational Assistance Program form. (Non degreed seminars, or continuing education credits are to be approved prior to registering for the seminar or class, and funding must be in the budget to cover the costs.)
- E. Training or study will be undertaken during the employee's off-duty time.
- F. If an employee voluntarily terminates employment with the Village within one (1) year of receiving an educational reimbursement, then the employee shall repay the Village. By accepting the monies, the employee agrees that if he/she leaves, the amount of any such reimbursement shall be deducted from the employee's final paycheck; however, no such deduction shall result in the employee receiving less than minimum wage for all hours worked in the final work week.

If no one claims ownership of the item within 30 days, the item will become the property of the Village.

12-6. Co-Worker Relationships

Due to the potential for a conflict of interest, sexual harassment, and/or other serious concerns, the Village strongly discourages employees from dating or entering into a consensual and/or romantic relationship with other co-workers, supervisors or Council members. In an effort to avoid such problems from arising, the Village prohibits supervisors and managers from dating any subordinate in their department. Such relationships can be disruptive to the work environment, create a conflict or appearance of a conflict of interest, and lead to charges of favoritism, discrimination, and claims of sexual harassment. While

the Village has no desire to interfere with the private lives of its employees, or their off-duty conduct, where such conduct impacts upon the Village and/or the Village's work environment in a negative manner, such as noted above, the Village reserves the right to take whatever action is appropriate, in its discretion, to protect the Village's interests.

CHAPTER 14: GRIEVANCE PROCEDURE

This chapter and its subparts only apply to unrepresented employees, those which are not represented by a collective bargaining unit.

14-1. Grievance Procedure

A. This grievance procedure is established for Village employees to provide a process to address the application of these policies and procedures, or problems in the workplace.

1. Level 1

In the event that any employee believes there is a basis for grievance, the employee shall in writing first present the grievance with his/her immediate supervisor within five (5) working days after the grievance is alleged to have occurred or when the supervisor should have gained knowledge of the occurrence. The grievance must include what Policy and Procedure the employee feels has been violated and the remedy sought. The supervisor will then respond to the employee within five (5) working days.

2. Level 2

Any grievance which cannot be satisfactorily settled in Level 1 should be presented in writing to the employee's department head within five (5) working days after receipt of the answer in Level 1. The department head shall meet with the employee within ten (10) working days of the appeal to Level 2, and within five (5) working days after this meeting render a written decision on the grievance.

3. Level 3

Any grievance which cannot be satisfactorily settled in Level 2 may be presented in writing to the Village Manager or designee within five (5) working days after receipt of the answer in Level 2. The Village Manager or designee will meet with the employee within ten (10) working days of the appeal to Level 3. Upon appropriate review of the matter, the Village Manager shall render a decision in writing within five (5) working days after this meeting, and such decision shall be final.

B. The date of filing a grievance shall be determined by the date it is received by the supervisor or his/her designee. The Grievance will be initialed and dated by the supervisor upon receipt. The same procedure shall be applied to the progression of the grievance to Levels 2 and 3.

C. If the Village fails to respond in any level within the time frame allotted, it will be considered a denial of the grievance.

D. It is understood that in Levels 2 and 3 the Village and the employee may jointly elect to meet during non-work hours or a meeting may extend into non-working hours.

CHAPTER 15: DISCIPLINARY MEASURES

This chapter and its subparts only apply to unrepresented employees, those which are not represented by a collective bargaining unit.

15-1. Policy

It is the policy of the Village of Royal Palm Beach to provide a well-defined system of discipline which outlines the procedures for disciplinary actions applicable to all employees. While recognizing that some conduct warrants immediate termination, the Village endorses the concept of progressive discipline. The types of disciplinary action include verbal counseling, written reprimand, suspension, and discharge.

15-2. Disciplinary Action Procedures for Non-Probationary Employees

- A. Verbal Counseling - The department head or supervisor may initiate disciplinary action by meeting with an employee to discuss performance and/or behavior issues, and to counsel an employee regarding such concerns as well as ways to improve conduct. The counseling meeting will be documented in writing on the “Employee Counseling/Reprimand Form” and forwarded to the Human Resources Department for the employee’s personnel file.
- B. Written Reprimand - The department head or supervisor will meet with and inform the employee about the nature of the disciplinary action, and present the employee with a written reprimand documented on the “Employee Counseling/Reprimand Form” and forward it to the Human Resources Department for the employee’s personnel file. When applicable, the written reprimand may indicate a plan for improvement up to and including placement on a 90-day probation period.
- C. Suspension - The department head or supervisor will investigate allegations pertaining to a disciplinary action which may substantiate that sufficient evidence exists for suspension without pay. At the discretion of the department head or supervisor, an employee may be suspended with pay when circumstances dictate that the employee should not perform his/her job until an investigation is concluded. Suspensions shall be documented on the “Employee Counseling/Reprimand Form” and forwarded to the Human Resources Department for the employee’s personnel file.
- D. The employee may appeal a suspension, discharge, or demotion for disciplinary reasons through the grievance procedure set forth in Chapter 14.
- E. Previous charges or disciplinary actions brought forth by the department head or supervisor may be cited against the employee if these previous acts are reasonably related to the existing charge, or show a pattern of inappropriate behavior.

- F. The results of the disciplinary action taken and/or related grievance, including documentation, will be made part of the employee's personnel record. All previous charges or disciplinary actions must have been shared with the employee. Employees will sign all disciplinary forms, which will be used only to acknowledge receipt of the document, not concurrence with it.
- G. During the first twelve (12) months of employment, all employees are considered probationary, meaning that they are subject to discipline up to and including discharge for no specific charge without recourse through the grievance procedure.

15-3. Discharge of Non-Probationary Employees

- A. At the discretion of the department head, an employee may be placed on a 90-day probationary review period. Should an employee not respond positively and improve performance, the department head may discharge such employee with the approval of the Village Manager.
- B. Discharged employees have the right to grieve the discharge including a final hearing before the Village Manager.

15-4. Causes For Disciplinary Action

The following is an illustrative but not exhaustive list of causes that may result in disciplinary action up to and including discharge:

1. Substandard work performance.
2. Infractions of policies and procedures established by the Village, Village Manager or the department head.
3. Offenses or misconduct specifically prohibited by law.
4. Drinking or being under the influence of intoxicants, narcotics, controlled substances, hallucinogens on the job; use, possession, distribution or sale of narcotics, illegal drugs or non-prescribed prescriptions while on duty.
5. Unauthorized absence from work; absence without calling in prior to start of work shift and/or without reasonable cause; reporting to work late; leaving work area or job without permission; absences without leave.
6. Disregard or violation of safety rules; carelessness or negligence in the use of Village property; failure to use/wear total uniform provided by the Village including safety shoes or other equipment while on duty.
7. Participating in any form of unlawful harassment or unlawful discrimination.
8. Unauthorized use of Village property, equipment or premises; abuse of Village vehicle or equipment.
9. Insubordination and/or violation of any lawful directive of a supervisor or other manager.
10. Operating a Village vehicle or equipment without a proper and valid license
11. Overstaying lunch or break periods.
12. Conduct unbecoming of a Village employee, either on or off duty, which would bring discredit or interfere with Village service.

13. Outside employment which interferes with Village job.
14. Sleeping on the job.
15. Use of abusive, profane, offensive language; antagonistic attitude or conduct toward a supervisor, fellow employees or the public.
16. Fighting while on duty, or engaging in any intentional act which may inflict bodily harm on anyone.
17. Conviction of a felony.
18. Theft or dishonesty.
19. Soliciting or accepting an unauthorized fee or gift.
20. Unauthorized display or possession of a firearm or concealed weapon on Village property or while performing official job duties.
21. Falsifying application or other records, or concealing information during employment screening and processing, or at any other time; giving falsified testimony or information, or refusal to give testimony (subject to applicable Constitutional rights).
22. Failure to work required overtime; unavailability during stand-by duty; refusal to report during emergency.

15-5. Application of Disciplinary Procedures

The provisions in Section 15-4 are not to be construed as a limitation upon the retained rights of the Village to discipline for any reason up to and including discharge. These guidelines should not be interpreted as creating a right or expectation of continued employment, progressive discipline, or discharge only for certain reasons after previous warnings, or any other property right or interest in employment.

Although internal consistency in administering progressive discipline is desirable departmentally and Village-wide, many factors may be considered in determining the appropriate level of discipline at each step. Some factors include but may not be limited to: time intervals between infractions; possible or actual consequences of infractions; employee willingness to improve; job attitude; nature of infraction relative to employee's job responsibilities; repetition of same or other serious infraction(s).

Certain infractions may be serious enough that immediate discharge upon first offense is applicable.

Incidents of misconduct may differ among employees, and the Village retains the right to treat each incident on an individual basis without creating precedent for future cases.

CHAPTER 16: MISCELLANEOUS BENEFITS

16-1. Health Insurance and Life Insurance Benefits

- A. The Village will contribute toward the cost of a Village approved Health Benefit Package. Any coverage beyond such costs will be paid by the employee through payroll deduction.
- B. The Health Benefit Package provided by the Village will abide by the Patient Protection and Affordable Care Act (PPACA), and shall be made available to all full-time, non-temporary employees and their families, which will include medical and may include life insurance. For the purpose of eligibility of healthcare benefits only, the definition of full time will be any permanent employee who is employed on average at least 30 “hours of work” per week, or 130 hours per month or as PPACA is amended. - B. In addition, under the Cafeteria Plan, employees who enroll in one of the approved Village medical, dental and vision plans and who make contributions for coverage under the plan(s) may elect to have any out of pocket medical, dental and vision insurance premiums deducted from their salary before income taxes.

Participation in the plan will reduce an employee’s income taxes and Social Security tax by reducing his/her taxable salary. Information on the plan will be provided during new employee orientation and annually during open enrollment.

The Village will match 100% of the funds the employee contributes.

COBRA (Consolidated Omnibus Budget Reconciliation Act of 1986) is the acronym used to describe the benefit of a continuation of benefits once an employee separates service from their employer. Once a person has separated employment, the Village is required to inform the ex-employee of their rights regarding continuing their medical, dental, and vision insurance. The Village has a plan administrator who sends out paperwork to all eligible terminated employees informing them of their rights.

In general terms, benefits such as those mentioned can continue for a specified period of time, but the cost of the benefit will no longer be supplemented by the Village and there will be an additional 2% maintenance cost added as well. Employees and or their eligible dependants are sent forms and must make an election that is time sensitive of whether or not to continue with their present medical, dental, and vision benefits.

COBRA coverage is not required to be offered to employees who become covered under the medical insurance available to them through their new employer. If a waiting period exists with the new employer, ex Village employees may take COBRA coverage for the waiting period, then cancel it once their new coverage starts.

Under certain other circumstances, such as divorce, death or separation, COBRA may be offered to the spouse or children of employees. For more details on COBRA coverage, please see the Human Resources office.

Should the opinions of the Village physician and the employee's physician differ, a third physician shall be mutually selected by the Village physician and the employee's physician who will render a final decision regarding the employee's ability to perform his/her job. Should this third physician find the employee unable to perform his/her job, he/she may be discharged upon notice from the Village Manager.

Any job offer extended to an applicant is conditioned upon the successful completion of a pre-employment physical, at the expense of the Village, in order to determine the applicant's fitness to perform the functions of the job for which he/she has applied.

CHAPTER 22: DRUG FREE WORKPLACE POLICY

22-1. Purpose and Expectation

The Village of Royal Palm Beach recognizes that employees are not immune from the problems which face society in general. The problems of alcohol and substance abuse have become widespread throughout our community and nation. As part of a commitment to safeguard employees' health, to provide a safe environment for employees to work, and to promote a drug-free community, the Village has established this policy dealing with the problems of alcohol and substance abuse. The purpose of this policy is to prevent alcohol and drug abuse in the workplace, while also recognizing the rights of employees to privacy and protection from searches of any kind which are inherently intrusive, and which should not be undertaken except for real problem situations. In addition, the purpose of this policy is to provide for confidentiality, fairness and accuracy of drug testing and testing results.

A requirement of employment is that a person is free from drug dependence, illegal drug activity, or drug or alcohol abuse. It is a condition of employment for an employee to refrain from reporting to work or working with the presence of drugs or alcohol in or on his/her body. These prohibitions also apply to the misuse or abuse of prescription and over the counter drugs. If the use of controlled substances, narcotics, or other mind-altering substances is found on Village property, or suspected on Village property, or if an employee is selling or purchasing illegal drugs, even if they are not using them while at work or on Village property, the proper law enforcement officials may be notified immediately.

22-2. No Legal Duty To Test

All drug testing conducted by the Village of Royal Palm Beach shall be in conformity with the standards established in this policy and all applicable rules promulgated pursuant to this policy. 22-4. Authority To Test, Types of Tests, Refusal To Test

- A. Authority to Test - The Village of Royal Palm Beach has the authority to require employees to submit to testing for the presence of alcohol or drugs only as specifically as set forth in this drug-testing policy.
- B. Types of Tests - The Village of Royal Palm Beach may conduct the following types of drug tests in order to maintain a drug-free workplace program:
 1. Job Applicant Drug Testing - The Village requires job applicants for specific positions identified as "safety sensitive" to submit to a pre-employment drug test and may use a refusal to submit to a drug test or a positive confirmed drug test as a basis for refusing to hire a job applicant.

2. Reasonable Suspicion Testing - The Village may require an employee to submit to reasonable suspicion drug testing. Reasonable suspicion drug testing shall not be required except upon the written recommendation of a supervisor who is at least one level of supervision higher than the immediate supervisor of the employee in question. Furthermore, the supervisor's recommendation as to reasonable suspicion must be reviewed and agreed upon in writing by the Village Manager or his designee. This written recommendation shall include the circumstances which formed the basis of the determination that reasonable suspicion existed to warrant testing. Please see the Village's definition of 'Reasonable suspicion drug testing' as outlined in Section 22-3, above, for more information.

3. Random Testing - The Village has established employment classifications such as safety sensitive, or those requiring a CDL, which may be subject to random drug testing.

i. All employees working in a position covered by this policy are subject to unannounced testing based on random selection. This includes temporary employees performing work in a covered position.

ii. All persons will be subject to be randomly picked for drug testing at each random testing date. A person may be randomly picked more than once or not picked at all during the annual period.

iii. To assure that the selection process is random all employees covered by this policy will be placed in a common pool.

iv. The selection procedure will select sufficient additional names to be used to reach the appropriate testing level during each test period. These alternate names will be tested in order of selection only if persons selected are unavailable for testing due to vacations, medical leave or travel requirements. The random selection will be performed by the Medical Review Officer (MRO).

4. Follow-Up Testing - If the employee in the course of employment enters an employee assistance program for drug-related problems, or an alcohol and drug rehabilitation program, the Village, at its option, may require the employee to submit to follow-up testing. If follow-up testing is required, it will be conducted at least once a year for a two-year period after completion of the program. Advance notice of a follow-up testing date will not be given to the employee to be tested.

5. Routine Fitness for Duty Testing – An employee may be asked to submit to a drug test as part of a routinely scheduled fitness for duty medical examination that is either part of the Village's established policy or that is scheduled routinely for all members of an employment classification or group.

C. Refusal to Test - If an employee refuses to submit to a test for drugs and alcohol, he/she may be disciplined up to and including termination for such refusal.

22-5. Notice To Employees

The Village of Royal Palm Beach includes a notice of drug testing on all vacancy announcements for those positions where drug testing is required. A notice of this policy is posted in appropriate and conspicuous locations on the Village's premises, and copies of the policy are available for inspection during regular business hours by the general public in the Village of Royal Palm Beach Human Resources Department.

Employees are prohibited from possessing controlled substances, narcotics, or alcohol on their person, in their lockers, desks, or vehicles, while on Village property, while operating or riding in Village vehicles away from Village property, or while otherwise performing Village duties away from the Village. With reasonable suspicion, the desks, lockers, cabinets, drawers, and vehicles used by employees are Village property, and may be searched. If an employee places a personal lock on a locker, desk, cabinet, or other storage area, upon reasonable suspicion, the Village may require the employee to remove such lock upon request and permit a search by management. Employees who have a desk, locker or any other type of work area on Village Property are to have no expectation of privacy.

22-6. Collection Procedures, Choice of Specimen, Cost of Testing

If it is not medically feasible to move the injured employee, specimens shall be obtained at the treating facility under the procedures set forth in this policy and transported to an approved testing laboratory.
- B. No specimens shall be taken prior to the administration of emergency medical care. Once this condition has been satisfied, the Village of Royal Palm Beach may obtain results of any tests conducted on a specimen for the presence of alcohol or drugs only as is specifically provided for in this policy.

The Village of Royal Palm Beach may test for any or all of the following drugs: alcohol, including distilled spirits, wine, malt beverages and intoxicating liquors, amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methadone, methaqualone, opiates, barbiturates, benzodiazepines, propoxyphene, synthetic narcotics, a designer drug or a metabolite of any of the substances listed in this paragraph.
- D. Body specimens – Urine will be used for the initial test for all drugs, and for the confirmation of all drugs, except alcohol. Blood will be used as the initial and confirmation test for alcohol. Nothing in this section shall be construed to limit the discretion of a physician to determine whether drawing a blood sample will threaten the health of the employee, or if the employee has a medical condition unrelated to the accident which may preclude the drawing of the necessary quantity of blood for a testing specimen. No inference or presumption of intoxication or impairment may be made in a case where a physician prevents a specimen extraction based on his or her medical expertise.

- E. Cost of testing – The Village of Royal Palm Beach shall pay the cost of all drug tests which it requires of employees. An employee shall pay the cost of any additional drug tests not required by the Village.
- F. Collection site – The Village of Royal Palm Beach shall utilize a collection site designated by an approved laboratory which has all necessary personnel, materials, equipment, facilities, and supervision to provide for the collection, security, chain of custody procedures, temporary storage and shipping or transportation of urine and blood specimens to the approved drug testing laboratory.
- G. Security of the collection site, chain of custody procedures, privacy of the individual, collection control, integrity and identity of the specimen, and transportation of the specimen, and transportation of the specimen to the laboratory shall be in accordance with Chapter 59A-24.005, Florida Administrative Code. The attached Chain of Custody Form will be used for each employee tested.

- I. Prior to any collection of a specimen, the drug testing facility shall provide a form for the employee concerning Chain of Custody and a Consent and Release form. Refusal to execute Chain of Custody and/or Consent and Release forms shall be treated as a refusal to be tested.

22-7. Laboratory Procedures

- A. No laboratory may analyze initial or confirm drug specimens unless the laboratory is licensed by the Department of Health and Rehabilitative Services and is capable of performing such tests in accordance with Section 112.0455, Florida Statutes, and its attendant rules in Chapter 59A-24.006, Florida Administrative Code.
- B. Laboratory Assistance - The approved laboratory shall provide technical assistance to the MRO for the purpose of interpreting any positive confirmed test results which could have been caused by a prescription or non-prescription medication taken by the employee.
- C. Laboratory Analysis Procedures - All laboratory security, chain of custody, transporting and receiving of specimens, specimen processing, retesting, storage of specimens, instrument calibration and reporting of results shall be in accordance with Section 112.0455, Florida Statutes, and its attendant rules in Rule 59A-24.006, Florida Administrative Code.

D. Initial Test - The initial screen for all drugs shall use an immunoassay methodology except that the initial test for alcohol will be an enzyme oxidation methodology. The following cut-off levels shall be used when first screening specimens to determine whether they are positive or negative for the drugs or metabolites specifically listed below. In the event that the following cut-off levels are subsequently amended by legislation, the cut-off levels set forth in the new legislation shall control. All levels exceeding the following shall be reported as positive and reported for confirmation testing:

All confirmations shall be done by quantitative analysis. Concentrations which exceed the linear region of the standard curve shall be documented in the laboratory record as “greater than highest standard curve value.” The following confirmation cut-off levels shall be used when analyzing specimens to determine whether they are positive or negative for the drugs or metabolites specifically listed below. (In the event that the following confirmation cut-off levels are subsequently amended by legislation, the confirmation cut-off levels set forth in the new legislation shall control.) The MRO will have knowledge of substance abuse disorders and shall also be knowledgeable in the medical use of prescription drugs and in the pharmacology and toxicology of illicit drugs. The MRO shall evaluate the drug test results which are reported by the laboratory, verify the drug test results by checking the chain of custody form that the specimen was collected, transported and analyzed under proper procedures as set forth in this policy.
6. The MRO will initially notify the employee of a confirmed positive test result within three business days of receipt of the test result from the laboratory and determine if any alternate medical explanations caused a positive test result. This determination by the MRO shall include conducting a medical interview with the employee, review of the employee's medical history, review of any other relevant bio-medical factors, a review of all medical records made available by the tested employee, and an inquiry as to whether any prescription or non-prescription medications could have caused the positive test result. The MRO will provide an opportunity for the employee to discuss the positive test result and to submit documentation of any prescriptions relevant to the positive test result for up to five business days after notification period.
7. The MRO will then communicate the test results of an employee to a designated representative of the Village of Royal Palm Beach and the employee. The test results shall be communicated only after the MRO has verified that the positive

and/or negative test results were properly analyzed and handled and, in the case of a positive test result, the MRO has provided at least up to five business days for the employee to discuss the positive test results and to submit documentation of any information relevant to the positive test results.

8. The MRO shall provide to the designated representative of the Village of Royal Palm Beach and the employee a copy of the test results subject to the employee protection provision (Section 22-11) and the confidentiality provision (Section 22-15) of this policy.

Also, drug testing laboratories shall retain in place all confirmed positive specimens in a properly secured long-term frozen storage facility for a period of at least one year from the date of the initial testing. Within this one-year period of time, an employer, employee, or medical review officer may request in writing that the laboratory retain the specimen for an additional period of time. If no such request is received, the laboratory may discard the specimen after one year of storage. However, when notified in writing, the laboratory shall be required to maintain any specimens under administrative or legal challenge for an indefinite period.

22-9. After a Positive Test Result

If an employee has a confirmed positive test result, the Village will send the employee a letter within five business days of its receipt of notification from the Medical Review Officer (MRO) notifying the employee of his/her positive test result. If the applicant's/employee's explanation is unsatisfactory to the Medical Review Officer, the applicant/employee will be notified of such within fifteen (15) days of the date the challenge was received and the MRO shall report positive test results to the Village. - D. When an employee does undertake an administrative or legal challenge to the results of a drug test, it shall be the employee's responsibility to notify the laboratory in writing of such challenge. An employee has 180 days after written notification of a positive test result to have a portion of the specimen re-tested, at the expense of the employee. After such notification, the sample shall be retained by the laboratory indefinitely until the administrative or legal challenge is settled. However, regardless of an administrative or legal challenge, all positive confirmed specimens will be retained by the laboratory for at least one year from the date of initial testing.
